SENATE ORDERS PROBE OF RAILROADS

Passes Cummins' Resolution
Without Debate or
Division

INQUIRY STARTS MAY 1

Roads Tell Labor Board They Are Robbed by Present Wage Scale—Bankruptcies Looming Carriers Say.

Washington, April 20.—A sweeping investigation of the railroad situation was ordered yesterday by the Senate, which adopted, without debate or division, a resolution offered by Senator Cummins, of Iowa.

The inquiry will be conducted by the Senate Interstate Commerce Committee and will begin about May 1, with railroad executives as the first witnesses. It is expected to furnish information to guide Congress in legislation which may be necessary to relieve the railroads from their present plight and will cover maintenance costs, efficiency of operation, reduction of traffic and the best way to effect reduction of freight and passenger rates.

An additional appropriation of \$400,000,000 to enable it to liquidate the affairs of Federal control of the railroads will be asked by the United States Railroad Administration. Representative Good, of Iowa, chairman of the House Committee on Appropriations, declared in the House yesterday. Officials of the Railroad Administration have indicated to the chairman that approximately that much more money will be needed to defray the Government's obligations resulting from Government operation of the transportation systems for 23 months.

Congress has appropriated \$1,780,000,000 for the Railroad Administration. If \$400,000,000 additional is appropriated the total will reach \$2,180,000,000.

World Owes America \$18,000,000,000 With Debt Growing \$10,000,000 Daily

Washington, April 20.—Investments and loans of American citizens exporters, business men, farmers and of the United States Government in foreign countries now total more than \$18,000,000,000, official reports of the Treasury Department and Department of Commerce showed here yesterday. This is the total which the world now owes the United States partly as a result of the war and partly from trade. The debt is increasing at the rate of almost \$10,000,000 a day, including Sundays, counting deferred interest payments and foreign trade balance.

Prompt payment of interest by foreign creditors would bring into the United States Treasury annually and into the pockets of American citizens approximately a billion a year. This is equal to one-quarter of the total expenditures of the Government for the next three years, as estimated by Secretary Mellon.

The world's debt itemizes thus: Due to the United States, approximately \$10,000,000,000 advanced as loans, due to Government, \$3,000,000,000 for surplus war material sold abroad; due to American exporters and manufacturers, about \$3,000,000,000 for goods delivered; due to American investors, \$2,000,000,000 on bonds of foreign governments sold here and on stock in foreign industrial concerns.

Europe is sending to the United States gold in so large quantities that approximately one-third of the world's total of it is within the United States Gold within the United States at the latest report made by the Treasury totaled \$3,001,000,000.

The Senate approved today without roll call Senator Reed's resolution authorizing the Judiciary Committee to continue the investigation partly completed by the last Congress of the conduct of foreign loans, payments of money on commitments since the armistice and whether or not any such payments were without authority of law under the terms of the various Liberty bond acts.

The Academy Festival

Everything in Readiness For May 2nd, 3rd, 4th

At a meeting of the various committees in charge of the coming May festival to be held at St. Mary's Academy, May 2nd, 3rd, and 4th, reports of the most encouraging character were submitted by the various chairman. It is now definitely known that there will be eleven booths of the different kinds, and each chairman has completed arrangements for the decoration of each booth. The festival will be held in the auditorium of the academy.

A committee is arranging for a program of events for the three days of the festival, and the chamber of commerce has kindly endorsed the committee's solicitation for ads in the program. In all, everything points to one of the most successful festivals ever held in the city.

Mrs. S. W. Pitts Dies

End Comes in Detroit, Mich., Early This Morning

Mrs. Nettie Virginia Pitts, wife of Samuel W. Pitts, of this city, died at 3:30 o'clock this morning in a hospital in Detroit, Mich., where she had been a patient for several months.

Her husband arrived at the hospital a short time after her death, and will bring the body to this city for burial.

The deceased was a daughter of Mrs. Virginia Pittman and the late Vincent Pittman. Besides her husband and mother she is survived by a brother, and sister, E. N. Pittman, this city, and Mrs. M. F. Griffin, Mt. Rainier, Md.

Mrs. Pitts enjoyed a wide circle of friends in this city who will regret to hear of her death. The deceased had been in failing health for a long time and had at last resorts gone to a hospital in Detroit for treatment.

The funeral arrangements will not be completed till the arrival of the body here.

Mrs. Wishman Speaks

Address Women at St. Paul's on Work of Salvation Army

Mrs. Mary T. Wishman, field organizer for the Salvation Army Advisory Board, yesterday afternoon delivered an address in the parish hall of St. Paul's Episcopal Church in the interest of the work being done by that organization. Mrs. Wishman was introduced by Miss Rose MacDonald at the close of the meeting of the Rector's Aid. A review of the work accomplished by the Salvation Army particularly that which appeals to women was given by the speaker. She told of the urgent need of such work in this city. Among other things she stated that the providing of a proper budget would do away with solicitation of the Salvation Army officers here with the exception of the contributions taken at their regular meetings.

Mrs. Wishman praised Col. J. V. Williams for his efforts in behalf of the financial appeal which will be started here May 9.

DE PUE-HERNDON WEDDING

The marriage of Mr. Hamlin Marvin Herndon, of Washington, D. C., and Miss Mildred M. De Pue, of Scranton, Pa., was solemnized this morning at 11:30 o'clock at the residence of the bridegroom's grandmother, Mrs. Marguerite Padgett, 216 North Alfred street, Rev. Dr. E. V. Regester, pastor of the M. E. Church South, officiating.

The bride was attired in a blue traveling suit with hat to match. After the ceremony a wedding breakfast was served.

Later they left for a trip to New York. Upon their return will reside at 2659 Connecticut Avenue, Washington, D. C.

HARDING'S PLEDGE TO LATIN AMERICA

MONROE DOCTRINE

President Delivers Address at Unveiling of Simon Bolivar—Greeted by Mission—Cheered by Latin America

New York, April 20.—The Monroe Doctrine was proclaimed anew yesterday by President Harding in a speech in Central Park at the unveiling of a bronze statue of Gen. Simon Bolivar, liberator of five of the South American republics that are shielded by this policy.

Although the President declared the United States stands ready to make war to uphold the doctrine, he absolved his speech from any taint of gingoism by making a flat declaration in favor of universal disarmament. The address was a message of good will for all of Latin America and it rang in the ears of diplomatic representatives of every Republic south of the Panama Canal.

"Some have sought to make our adhesion to this doctrine a justification for prejudice against the United States," said Mr. Harding. "They have falsely charged that we sought to hold the nations of the old world at arm's length in order that we might monopolize the privilege of exploitation for ourselves. Others have protested that the doctrine would never be enforced if to enforce it should involve us in actual hostilities."

"The history of the generations since that doctrine was proclaimed has proved that we never intended it selfishly; that we had no dream of exploitation. On the other side, the history of the last decade certainly must have convinced all the world that we stand willing to fight, if necessary to protect these continents—these sturdy young democracies from oppression."

Cheering inspired by the delivery of these sentences was most marked among the Latin-Americans who were among the President's auditors. There was enthusiastic applause also when he said:

"There is too little realization of the progress that has been made toward judicial and arbitrary settlements by the American nations. It presents an example well worthy earnest consideration and affords us an assurance which will justify our purpose to invite the present day civilization to cast aside the staggering burden of armament."

President and Mrs. Harding were in New York precisely three hours and a half, but in that period they crowded so much that was eventful to justify Professor Einstein's theory of relativity of time.

Before their arrival, Dr. Estaba Gil Borges, the Venezuelan Minister of Foreign Relations, and the special mission of his countrymen here to present to New York City the statue of their patriot Bolivar, were the hosts at a luncheon at the Waldorf-Astoria. The guests were Mayor Hylan, his committee on reception to distinguish guests, and members of the Presidential party, who had arrived in New York ahead of the Hardings. These included Secretary of State Hughes, Attorney-General Daugherty and members of the Latin-American diplomatic corps.

There were speeches at this affair, fervent oratorical protestations of international affection, but all the guests and the hosts, too, constantly were looking expectantly over their shoulders. They were watching for the same reason that tempted swarms of less fortunate folks in the street to prolong their luncheon hour into the middle of the afternoon—a hope of (Continued on Page Two)

ORAL ARGUMENTS IN W. VA. RATE CASE

Says Traffic Dropped 21
Per Cent First 17 Days
In April

LOSE \$2,600 IN 2 MONTHS

Seeks Abolishment of 25 Trip Ticket and Wants Straight Fare of Three Cents a Mile

Traffic on the Washington-Virginia Railway Company's lines has fallen off 21 per cent in the first 17 days of April, Frederick L. Ballard, an attorney for the road, told the interstate Commerce Commission today in summing up arguments for the road, which has asked an increase in rates and abolition of its 25 trip family ticket.

Arguments were heard before Commissioners Baltasar H. Meyer, C. C. McChord and C. B. Aitchison. Business of the road showed steady gains during 1916, 1917, 1918 and 1919, Mr. Ballard said, with a small increase in 1920, but the trend at present is a "definite downward" decrease in travel, he said. Books of the company for 1920 show a large loss in business, he said, and the present indication is that the wartime business of the company will decrease to such a point that the company will not be able to pay operating expenses and in interest on its outstanding indebtedness.

For the first two months of the present year, Mr. Ballard said the road failed to make operating expenses and taxes by \$2600. This failure to meet expenses, he said, will be increasingly serious every month with the falling off in travel indicated by the figures for the first 17 days of April.

The Washington-Virginia road has had but one increase in rates since 1914, Mr. Ballard said, this increase coming in 1914 and realizing, he said, but a net increase of 4 per cent on each passenger carried by the road.

Referring to the 25 trip family ticket, Mr. Ballard said it is the "most intractably vicious" ticket he has ever seen. He said during 1920 more than twice as many people bought the 25 trip ticket as did before the rate rise of 1919. The main point of protest brought by the road, Mr. Ballard said, is for abolition of this ticket. Commissioner Aitchison asked Mr. Ballard when the ticket was established and said he had found a parallel to some of the rate inequalities on the road in rates on roads in the west.

While asking abolition of the 25 trip ticket, Mr. Ballard said, the road wishes at the same time to establish a straight fare rate of 3 cents a mile. He said the road has been in direct competition with the steam road on passenger travel to Alexandria and is doing a good business under such competition.

Cornud H. Syme appeared in rebuttal to the attorney for the railway company. Mr. Syme represents the Mount Vernon Division Commuters Association and the Alexandria Citizens' Association, he said. He spoke also for the communities of Ballston, Clarendon, Falls Church and Vienna. E. W. R. Ewing, representing the Clarendon citizens, Frank Lyon, representing the Ballston citizens and James R. Caton for the Alexandria Chamber of Commerce and Cooperation Attorney H. Noel Garner for the Alexandria City Council appeared.

Three Washington Men Being Tried This Afternoon

A preliminary hearing this afternoon is being held before U. S. Commissioner W. P. Woods in the cases of Edward F. Doyle, Dallas E. Ball and John H. Oldham, of Washington arrested the morning of April 15 for an alleged attempt to hold up David Mass and his wife Martha Mass, who were enroute to Washington market.

The alleged attempted hold up occurred near Arlington Experimental Farm. The men deny the charge. A fourth man alleged to have been in the party is in a Washington hospital. The accused men are represented by Attorneys Howard W. Smith and Harry Thomas, the latter of Arlington County, and the government by Attorney F. C. Duvall.

SABBATH SCHOOLS BASEBALL LEAGUE

Mayor Duncan Honorary
President and R. H. Cox
Active President

FORMED LAST NIGHT

Two Diamonds Have Been Secured—Expect to Play Twice a Week—Meet Again Tuesday.

The Alexandria Sunday School baseball league was organized at the Chamber of Commerce last night with Mayor James M. Duncan as honorary president, Robert H. Cox, of the First Baptist Sunday School, was elected active president; Jas. A. Halfish, of the Second Baptist Sunday School, vice president; Harry W. Wade, of the M. E. South Church Sunday school; secretary; C. E. Ailstock, of the Trinity M. E. Church Sunday School, treasurer.

There was a large representation from the different Sunday schools present when Secretary Wallace, of the Y. M. C. A., called the meeting to order. He was selected as temporary chairman with Harry Wade temporary secretary. Mayor Duncan very graciously accepted the honorary presidency and promised his loyal support to the league throughout the season. He made several valuable suggestions and the players were delighted to have his interest.

Several preliminary matters were discussed and many of them settled. At least two diamonds have been secured and a possible third is in prospect for the league. The games will probably be played Wednesday and Friday afternoons at 5:30 o'clock. An attempt will be made to get each team to enlist at least one umpire and the services of these men will be alternated. Each team is to uniform itself. It has been suggested that the league be entirely amateur and this decision will doubtless be final.

The matter of registration fees and an official ball and several other matters of importance were left to the executive committee, consisting of the officers and the Secretary of the Y. M. C. A., to bring in recommendations at the next meeting, Tuesday evening, April 26, at the Chamber of Commerce at 8 o'clock.

Kathleen Mavourneen

St. Mary's Junior Players to Put on Play April 28-29

On Thursday and Friday evenings, April 28 and 29th, St. Mary's Junior players will produce at the Lyceum Hall, their first dramatic endeavor, entitled, "Kathleen Mavourneen."

The play is being directed by E. J. Comeau, and the players consist principally of the younger set of St. Mary's parish.

Kathleen Mavourneen is an old play that ever remains interesting and attractive on account of the wit, humor and pathos that abound throughout, and in its four acts are to be seen no less than six or seven changes of scenery.

The scenery for the play is being painted by a scenic artist connected with the National Theatre at Washington, and one of the finest electrical lighting devices in this part of the State, has recently been installed in the Lyceum Hall to add to the effect of this and other theatrical endeavors to be held at the Lyceum. Tickets may be procured from any of the players or at the hall on the above nights.

Royal Arcanum

State Council Elects Officers at 39th Annual Session

Lynchburg, Va., April 20.—New officers were elected for the grand council of the Royal Arcanum of Virginia in the night meeting of the 39th annual session held yesterday at the Hotel Carroll. The council defeated a resolution calling for semi-annual meetings instead of annual.

The council will reconvene this morning at 10 o'clock and the closing session will continue until 1 o'clock when final adjournment will take place.

The officers for 1921-22 chosen last night are: E. B. Page, grand regent; Richmond; G. M. Miller, grand vice regent; Roanoke; C. A. Crawford, grand past regent; Richmond; C. V. Jones, grand secretary; Richmond; James L. Beck, grand treasurer; Richmond; O. L. Stearnes, grand chaplain; Salem; J. P. Casey, grand guide; Richmond; A. B. Chowning, grand warden; Lynchburg; G. W. Thomas, grand sentry; Hampton; J. F. O'Connor, Portsmouth; and Frank Bain, Norfolk, grand trustees.

H. A. Allen, Jr., Lynchburg, and W. Floyd Reams, Richmond, were elected grand representatives, with C. A. Crawford, of Richmond, as alternate. G. W. A. Barnard, Richmond, was elected to the finance committee with John A. Mahood, Lynchburg, and Louis A. Seal, Richmond, previously named.

The business sessions of the afternoon and evening were held in the parlors of Carroll Hotel. The session opened at 4 o'clock and the reports of committees consumed almost the entire time of the meeting. The reports were acted upon at the night meeting.

The visitors were guests of Lynchburg council, No. 405, at a banquet at the Virginia Hotel between the two sessions, at which A. B. Chowning presided as toastmaster. A quartet composed of Messrs. Sower, Farrah, Spradlin and Blankenship furnished the entertainment.

HEINTZ-HASSON NUPTIALS

A very pretty wedding was solemnized this morning at 10 o'clock at the rectory of St. Mary's Church, when the Rev. L. F. Kelly joined in holy matrimony Miss Freda Heintz, daughter of Mrs. Rebecca Heintz, and James Vincent Hasson, Jr., son of Mr. and Mrs. James Hasson. The attendants were Mr. and Mrs. Esmond Davis, brother-in-law and sister of the bride groom. The bride was attired in a stunning traveling costume of French gray, and wore a corsage of lilies of the valley and sweet peas. Only the immediate families were present. Following the ceremony the bride and groom left for Atlantic City and points north. After May 1st they will be at home at 324 North Columbus street.

ODD FELLOWS ARE 102 YEARS OLD

Attend Services Sunday
Night at Second Presbyterian Church

700 MEMBERS HERE

In Virginia 425 Lodges and 35,000 Membership—Total in United States 2,236,231.

In common with other lodges throughout the world, the members of Potomac and Sarcopa Lodges of Odd Fellows of this city will observe the one hundred and second anniversary of the founding of the order next Tuesday.

Members of the order here will observe the event by attending services at the Second Presbyterian Church next Sunday night at which time Rev. Dr. John Lee Allison, pastor of that church, will deliver a sermon appropriate to the occasion. Dr. Allison is grand warden of the grand lodge in Virginia. A special musical program has been arranged by Miss Lucy Graves, leader of the choir.

In this city there are about 700 members in the two subordinate lodges and the Rebekahs, and in the state of Virginia there are 425 lodges with a membership of 35,000 besides seventy lodges of Rebekahs with a membership of 3,400. The state lodge maintains a handsome home at Lynchburg for the orphan children, valued at \$145,000, and expend for this purpose annually \$61,000.

It is hardly conceivable how rapidly and wonderfully Odd Fellowship has grown. From the five original members in 1819 its growth has been phenomenal until today it numbers more than two million four hundred thousand members. It has spread from Baltimore over the entire United States and throughout the provinces of Canada, and from the Continent of North America over the entire world, including the often referred to sea islands. It is the oldest fraternal beneficial association that has so multiplied its lodges in both the hemispheres. There is scarcely a village of 500 population in the United States that has not an Odd Fellows Lodge.

Statistics of the order throughout the world from 1830 to December 31, 1918:

Including Australasia, Denmark, Germany, Netherlands, Sweden and Switzerland	
Initiations in subordinate lodges	4,586,822
Members relieved	4,995,991
Widowed families relieved	
ed	378,129
Members deceased	533,174
Total relief	\$186,895,751.85
Total revenue	\$427,618,799.20
Total number of persons belonging to the order, 2,236,231.	

Woman Juror Awards

Jilted Girl \$1,500
Philadelphia, April 20.—When the jury in Common Pleas Court No. 2 retired yesterday to determine to what extent the heart of pretty, 19-year-old Clara Puser had been fractured by the failure of Nathan Solokor her 24 years old fiance, to carry out his promise of marriage, they left the question of damages to an expert.

She is Miss Clara McCann, a social service worker, the only woman juror in the box. Of course Miss McCann's heart has never been broken, but in social service work she has had a chance to determine just how much her sisters suffer. Men on the jury felt the plaintiff should draw somewhere between \$5,000 and everything that her former fiance had. But Miss McCann pointed out that an extreme verdict might be reversed.

Looking for Stockholders of the United States Trouble. Steel Corporation in their annual meeting in New York Monday "pledged their support to Elbert H. Gary and his associates in the management of the corporation, in any future conflicts with labor unions."

Thus the ingenious and garrulous Mr. Gary is given blanket authority to go a head and do pretty much as he pleases. But not only that, he is assured that he will be supported in any and all "future conflicts" with labor unions. Observe that the stockholders did not consider it necessary to assure Mr. Gary of their support in any efforts he might make to improve the conditions of labor, to cut down the waste and cost of inefficiency and overhead, or to put to practice the now almost universally accepted principles of collective bargaining, eight-hour day and strike arbitration. Not at all. But they did go out of their way to conjure up "future conflicts" with organized labor, conflicts which they seem determined to have whether they come or not.

Furthermore, in giving Mr. Gary a blank check on their support in advance, no reservation was made. Mr. Gary, may he ever be right or at least able to make the public think he is right but right or wrong, Mr. Gary. This seems to have been the idea of the steel stockholders. Let the labor unions squirm and the public be hanged.

This action of the steel stockholders comes dangerously near to being a resort to violence in advance. Ever as autocratic as has been the leadership of labor in this country at times, it has never dared clothe itself with such despotic authority as that with which Mr. El-

bert H. Gary has just managed to have himself invested. The memory of Mr. Gary's part in the steel strike of 1919, of the lucid and damaging report of the inter-church world movement on Mr. Gary's methods of breaking up that strike, and of Mr. Gary's iconoclastic role in former President Wilson's capital-labor-public conciliation conference, all indicate that it is a most unhappy augury for the industrial peace of the nation that such a man should be given a baton of dynamite to waive as he pleases in the face of labor and incidentally over the heads of us all.

The people of this country are as firmly set against an autocracy of capital as they are against one of labor. Democracy is fundamentally opposed to an autocracy either of the working or any other class. And if what Mr. Gary and his steel friends style a "dictatorship of the proletariat" ever comes in this country, these gentlemen will have, not the so-called "reds," but themselves to blame.

"Republicans have two treaty plans" says a Washington Post headline. From harmony the universal frame begins.

There little peace resolution, don't you cry, you'll be a peace treaty bye-and-bye.

HARDING'S PLEDGE TO LATIN-AMERICA
(Continued from page four)

seeing President Harding on his first visit to New York since the pre-election campaign.

Then a faint cheer percolated into the gilded interior of the Waldorf's grand ballroom. The noise grew in intensity so that the frock-coated guests here forgot to listen to the orator who was speaking and in imagination

Watch It Wear Neponset

traced the triumphant journey of the Hardings from the Pennsylvania station to the hotel through a lane of waving humanity.

There was a hush in the cheering through the thirty-third street entrance that on other occasions has been reserved for the King and Queen of the Belgians, the Prince of Wales, Ramon de Valera and once for Sergeant York.

They were not alone in their desire for a contact with the President. In the throng outside the reception room in which the Hardings were given refuge from their admirers were generals, admirals, city commissioners, merchant princes and scores of silk-hatted representatives of non-descript greatness.

The Venezuelan mission was presented to the President and Mrs. Harding. Rene Viviani, former premier of France, found a moment in which to exchange a sentence or two with the President, Mayor Hylan, by virtue of his office and disposition kept a tight clutch, whenever possible, at the presidential elbow. It was a hectic sort of reception and then after half an hour the start was made for Central Park.

The entire party under police escort, forming a parade of automobiles more than a mile in length, preceded rapidly up Fifth avenue to Seventy-eighth street and thence across the Park of Bolivar Hill, at Eighty-third street and Central Park West, the scene of the unveiling.

The exercises at the monument were opened with a salute of 21 guns by a battery of the First Field Artillery, under Col. John Delaney, followed by the playing of the United States and Venezuelan national anthems, the latter by the band of the Brazilian battleship Minas Geraes.

After an invocation by Mr. Michael Laveille, the address of presentation was made by Doctor Borges. Then came the unveiling of the monument by the great-granddaughters of Gen. Jose Antonio Paez and placing of wreaths by patriotic societies, address by Governor Miller and address by President Harding.

The President's departure from the park after Dr. William T. Manning, Bishop-elect of the Protestant Episcopal diocese of New York, first pronounced the benediction, brought another salute of 21 guns. Through the smoke of the artillery and flanked by motorcycle policemen, he was driven at high speed through lanes of cheering men and women to the "Light House" for the blind in East Fifty-ninth street, where he spoke for one minute to the sightless audience that had eagerly awaited him.

The President carried away a tiny plaster elephant modeled by Rocco De Mucio.

FOOD-FUEL FAMINE STALKS IN ENGLAND

London, April 20.—The mine owners late last night completed proposals which, it is believed, may go somewhat toward a settlement of the strike. The chief new proposals are:

First—The establishment of national wage board.
Second—The application of national principles to wages in each district, based on the financial condition of the industry in the respective districts.

Third—The periods for ascertaining district results to be settled nationally.

Fourth—The point below which wages shall not be reduced to be determined nationally.

Fifth—To turn over as wages to the workers, in addition to these rates, the whole of the surplus revenue available in each district during the existing abnormal period.

Boy Heir to Gypsy Dynasty Gravely Ill

Detroit, April 20.—Whether the dynasty of the tribe of Demitro one of the oldest reigning gypsy houses in America, is broken depends on the fight of eight-year-old John Demitro for recovery from pneumonia. The lad is in a hospital here critically ill.

John, the only heir in line to the title besides his father, Ephraim, is the one concern of 1,641 families in the United States and Canada, whose king is Zitho, the boy's grandfather.

When his condition will permit, John receives his visitors with the poise of a chieftain, but the homage is paid as well to a real American boy, for his nurse's review of the movies and news from his schoolmates at the Bishop School means as much to him as tribal traditions.

ball team was a vital factor in earning for that team the title of "The Flying Cadets." This eleven was victorious in every game of the season, and Summers was elected Captain of the V. M. I. football team for this year, an honor never before won by an Alexandrian.

In his studies Summers stands very high, and in the Military Department there are none better, as he has the highest military office possible for his class—that of Cadet First Sergeant—and next year it is confidently expected that he will be First Captain, the ranking military office of the institution. He has won monogram in all branches of college athletics in which he has taken part, which includes nearly all of them, and to top it off, on last Saturday, in an annual track meet at Blacksburg, Virginia, he won for V. M. I. the discus throw (of 110 feet 2 3-4 inches), and not only won the shot put at 42 feet 6 inches, but later, tried another

throw of the sixteen-pound shot put for a distance of 48 feet 1 inch, setting a new mark for this event. The South-Atlantic record of 42 feet 7

inches was made sometime ago by Barker, of the University of Virginia. We may well be proud of him. By an old Cadet.

CITY NEWS IN BRIEF

Mrs. St. Clair D. Shelton left today to visit relatives in Philadelphia.

William B. Fitzhugh, candidate for lieutenant governor of the state, was in this city this afternoon in the interest of his candidacy.

Mrs. M. P. Carden of Bedford, Va., who has been visiting in Washington, is now the guest of Mrs. B. Fitzgerald, South Patrick street.

The members of Russell Mitchell Post, Veterans of Foreign Wars, will give a dance tonight in Elks' Home. Music will be by McWilliams orchestra.

Mr. and Mrs. H. A. Davidson, of 208 South Royal street, announce the arrival of a fine eight pound baby boy on Monday evening, April 19.

A cut in the wages of the street forces of the city has just been made. Ten cents an hour is the cut on street cars and five cents an hour on construction forces and laborers.

Games are being played by the Alexandria Torpedo Station baseball team. Manager S. B. De Vaughan, corner Mt. Vernon and Carroll Avenue, Del Ray, Va. Phone 727-3.

A rummage sale will be held tomorrow, Friday and Saturday at the corner of Cameron and Fayette streets under the auspices of the Daughters of Isabella.

A moving picture of Pope Benedict XV, canonizing St. Joan of Arc, for the benefit of St. Mary's Church, will be given at 3 and 8 p. m., tomorrow, at the Lyceum Hall.

The monthly meeting of the board of police commissioners will be held at 7:30 o'clock tonight in the office of Mayor J. M. Duncan.

Mrs. Marvel H. Parsons, wife of Capt. Parsons, U. S. A., of Camp Eustis, Va., is the guest of her parents, Mr. and Mrs. George Uhler, at their home in North Washington street.

FIND BODY OF MAN SHOT IN FOREHEAD

Bristol, Va., April 20.—The body of a man of about 28 years old, with a bullet wound in his head, was found yesterday near the top of Black Mountain in Virginia, on the road leading to Lynch, Kentucky, by a boy. The man was identified by papers in his clothing as Martin Harris, of Bulls Gap, Tenn.

The body was found at the base of a 20 foot precipice. None of the cartridges in a revolver found in his pocket had been discharged.

BE NO TEMPORARIZING IN YAP SITUATION—DANIELS

Nashville, Tenn., April 20.—There should be no temporizing in the Yap situation, Josephus Daniels, former Secretary of the Navy, here as a speaker of the Southern Methodist Education campaign, said today, following his arrival.

"There must be no deviation from the stand taken by the United States for the internationalization of the island as a communication center," the ex secretary said. "The attitude of this country in the matter is essential to the demands of the nations, and this country cannot stand for a refusal on the part of Japan to accede to its position."

CHARGE EX-STATE SENATOR WITH DEATH OF FARMER

Nashville, Tenn., April 20.—A. H. Hall, aged 35, a farmer, was stabbed to death in a fight here yesterday morning with Floyd Wilson, former State Senator from Cumberland County, according to evidence introduced at the coroner's jury yesterday afternoon.

The two men had an altercation in Wilson's store, according to the witnesses, and, as Hall was ordered to leave, the fight began. The coroner's jury recommended that Wilson be apprehended and held for murder. He is still at large.

TWO FREACKS ON ADJOINING FARMS

Charlottesville, Va., April 20.—Two of the most remarkable animal freaks that have been seen hereabouts in a long time outside of a circus, and each of which might very properly be given a place of honor in the freak section of the animal show, have been reported on the adjoining farms of Messrs. Norris Watson and Wm. O. Durrett, of the section back of Woods' Crossing, just beyond Farmington. Mr. Watson reports the freak birth of a

cat on his place, which appears to come very close to being a dual animal, if not personality, and Mr. Durrett, the same "strange" development of a child which is of a Siamese variety, apparently, being two bodies joined together, with one head between them.

The cat, in question, is the progeny of a healthy registered Jersey cow and a blooded Red Po'e bull, she having previously dropped a perfectly healthy and normal specimen of her breed.

The little animal in question has lived for a period of ten days and, to all intents and purposes, is double as to sex, having the organs of both female and male, in other words, a real hermaphrodite animal. It also has other odd and freakish features, the brush of a tail appearing on the back above the hips, there is no extended appendage in the regular place for swatting flies or for conversion into oxtails soup. When born, its hind legs were crossed tightly, and at first the little thing had to struggle by bending down on its knees. Later on the hind legs straightened, but it continued to prop itself on the fore legs only and in this position took its nourishment. After the hind legs became normal, it got around by leaping about after the manner of a rabbit, taking some time to learn how to walk in a regular way.

The freak chicken only survived 24 hours after being hatched, but the two bodies completely lived together for one day, there being four legs, four wings, and two necks joined to one head, comprising the remarkable and unheard of product of one egg. Mr. Watson has stated that he felt the public would be introduced in viewing the remarkable specimen of animal development which he has so unexpectedly come into possession of and is planning to bring it to town in the next few days to exhibit it at the Children's Home for a small admission fee in order to help the funds of that useful institution.

Dvorak's Niece Seeks Divorce From Juggler

Chicago, April 20.—Discord has entered the melodious life of Mme. Antonia Dvorak Huston, niece of Anton Dvorak, composer of "The Humoresque." She married Arthur J. Huston, a juggler, and was quite willing to abandon a musical career to become a faithful wife and mother. Mme. Huston told Judge Foell in asking for divorce. But the war came and with it discord.

"He grew tired of me," said Mme. Huston, "because I was a foreigner and a daughter of any enemy national. So he did his bit in the war by abusing me and juggling." She asked \$2,200 alimony in a lump sum. As Huston, according to the testimony, had deserted his family a year ago, Judge Foell intimated this arrangement might be made.

Divorcee Thinks It O. K. To Marry Older Man

Baltimore, Md., April 20.—Mrs. Lucy Dabney Heironimus, Virginia beauty, divorced yesterday from Stewart H. Heironimus, a retired merchant aged and wealthy, declared after she was granted a decree from her husband that "it is perfectly all right for a woman to marry a man ten years her senior."

"But," she continued, "when a man has led a bachelor's life too many years and has become set in his ways he has no business to marry."

Heironimus, plaintiff in the original suit, was denied his plea for a separation. His suit was dismissed and the decree in favor of the wife was granted under her cross bill.

Judge Meuser, directed the husband to pay his wife permanent alimony at the rate of \$5,000 a year, in monthly installments, ordered him to defray all the costs of the court proceedings and also to pay \$5,000 counsel fees.

RELIEF CREWS STRIVE TO REACH ENTOMBED MEN

Pottsville, Pa., April 20.—Relief gangs were working at two mines yesterday afternoon in an effort to recover the bodies of men who were entombed in the workings. At Maryd with all hope of recovering the men alive, abandoned, gangs were working to get the bodies of Andrew Mettes and Anthony Novitsky, entombed on Saturday, while at Lincoln, in the western section of the county, similar efforts were being made to recover the body of William Walker, who was entombed by an explosion together with John Culva. A body believed to be that of Culva was recovered this morning.

This is a Metro picture and worth seeing.

INGOMAR THEATRE

Tom Mix in "The Prairie Trail," is the attraction at the Ingomar Theatre tomorrow. It is enough to say Tom Mix. But this is one of his best affording him the opportunity for all the fine acting which has made him known and popular every where. The usual added attractions will be shown. Showing today, last time, is Shirley Mason, diminutive and adorable William Fox star in "Are All Men Alike," a special feature production.

HENNELLY AT HELM OF AMERICAN LEGION POST

Charlottesville, Va., April 20.—James H. Hennelly, second lieutenant, Tenth Field Artillery, of Norfolk, winner of the Distinguished Service Cross and Croix de Guerre, has just been elected to command the James R. McConnell Post, No. 44, of the American Legion. The McConnell post is at the University of Virginia, and is one of the largest college posts in the country, now having 167 members.

Edward H. Anderson was elected vice commander; Edward G. Fenwick, war risk officer; Stacey G. Blackford, sergeant at arms, and L. M. Blackford, adjutant and finance officer.

Hennelly received his Croix de Guerre from General Petain for extraordinary heroism while a liaison officer of infantry on July 15, 1918. He was captured by the enemy while carrying a message back to the artillery. After Hennelly's capture had been shot down in cold blood by a German officer, the young lieutenant succeeded in making his escape, and, though wounded twice, reached the American lines and delivered his message.

\$12,000 Red Cross Gift to Victim

Washington, April 20.—The Red Cross announced last night that it appropriated \$10,000 in addition to \$2,000 previously advanced for the aid of victims in six Southern States of the tornado of last Friday and Saturday.

WILL PROBABLY BE RETIRED

Washington, April 20.—First Lieutenant James H. Lynn, quartermaster's corps, of Herndon, Va., has been found by an army retiring board incapacitated for active service on account of disability incident to the service. The findings of the board have been approved by the president of the war department announced today.

IRISH HOME RULE BILL IS IN FORCE; ULSTER IS READY

London, April 20.—Operation of Ireland's home rule bill, which is today legally effective, finds Ulster, which for years fought against any kind of separation, prepared to work the act, and Southern Ireland, which has always fought for it, still in open revolt and demanding complete independence.

While the measure legally became operative today, it will become an actuality on May 3, when Lord Edmund Talbot, the new Lord Lieutenant of Ireland, will issue proclamations summoning the new Irish Parliaments, one in the north and one in the south.

Elections to the Houses of Commons will take place, according to present plans, on the same date, and the next step will be the election by the two houses of their Senates and Cabinets.

It is expected that the Ulster Parliament will meet on June 21, under the leadership of Sir James Craig, unanimously chosen Premier for Ulster. As soon as the Ulster Parliament begins to function the present British government officers and high courts will be turned over to Irish direction.

Because of the practical state of war existing in the south of Ireland, however, the program for working the act is largely in a formative stage. It is hardly to be believed that Sinn Fein will co-operate with the Unionists in Northern Ireland, and members of that organization elected to the Ulster Parliament are not expected to claim their seats. This, however, will hardly hamper the working out of the general scheme in the north.

In the south, however, the government is faced with a tremendous and difficult problem. Any Parliament which did not represent Sinn Fein would not represent the people, and with Sinn Fein still warring against England and declaring its refusal to accept the home rule bill or to participate in the new Parliament, the theory of "representative government" can hardly become effective without compromise or coercion.

"Sane" Sunday Bill

Passed in Hartford
Hartford, April 20.—The State Senate yesterday passed a Sunday observance bill, which previously had passed the House, and which permits baseball and football games and classical concerts on Sunday afternoon, under local option. It now goes to Gov. Lake.

The Senate rejected an amendment which would have required a license to play golf, row a boat, ride a horse, paddle a canoe or drive an automobile.

German Line Repeats Story, Despite Board Denial

Buenos Aires, April 20.—The local officers of the Munson Line, managing agents of the United States Shipping Board steamer Huron, announced today that the orders given yesterday to stock the Huron with alcoholic beverages sufficient to last its passengers during a round trip were received in form the New York offices of the line.

This announcement was made in connection with the statement by Chairman Benson of the Shipping Board, made in Washington on Saturday that the Huron would sail from Montevideo as a "wet" ship, that the stocking of United States Government vessels with liquors had not been authorized.

EASY FOR BOY TO MASTER MOTORCYCLE

It is probably safe to say that the average boy is in the best of every older, red blooded American boy to own a motorcycle. It is probably also a fact that many of the rising generation consider the motor cycle a complicated piece of mechanism. The contrary is true. To the former bicycle rider especially—and where is the young fellow who has not owned and treasured a bike—the handling of a motorcycle soon becomes simple. The sidecar outfit makes it easy for anyone, of course,

whether the knack of two wheeled equilibrium has been acquired or not. Some beginners will naturally become adept in the manipulation of their mounts before others, because they are of a mechanical turn of mind by nature. The arrangement of the controls and steering and shifting of the entire machine is so simple, however, that any normal young man should easily become acquainted with it to handle them skillfully.

GERMAN PEACE PROBLEM

BEFORE SENATE TOMORROW

Washington, April 20.—The Senate Foreign Relations Committee once more tackled the time honored problem of peace with Germany on Thursday, while settlements under the Versailles treaty do a ghost dance outside the committee room door.

The reparations problem, which will not be touched in the declaration of peace to be taken up for consideration, threatens the peace of Europe even more today than it did two years ago, May 7, when the Versailles document was presented to the Germans for their signature. And, further, it haunts the domestic and foreign trade stability of the United States.

First in framing our foreign policy must come peace, however, and Senator Lodge anticipates a prompt and favorable report on the Knox resolution.

WOULD MAKE U. S. ANTHEM

Washington, April 20.—A bill to have Congress recognize "The Star Spangled Banner" as the national

anthem was introduced in the House yesterday by Representative J. Charles Linthicum, of Maryland. This song has long been accepted as the national anthem, but Representative Linthicum believes that its approval should be enacted into law.

The Linthicum bill provides simply that the song of the above title, written by Francis Scott Key at Baltimore, Md. and the same is hereby declared to be the national anthem of the United States of America.

Head of French Steamship Line Affected by Wife's Death

New York, April 20.—Maurice Kozmanski, head of the Compagnie Generale Transatlantique, better known as the French line of steamships in the United States, was found dead in his apartment here yesterday. According to the report of the medical examiner he committed suicide by hanging himself with the cord of his bath robe.

Since the death of his wife three months ago, he showed signs of rapidly failing health, his friends said, and but recently was under treatment for nervous troubles.

The "worst" charge that Che Mah makes is that his wife some time ago went to visit her folks in Pennsylvania without gaining his permission and she also remained as long as she cared to and didn't confer with him by letter or through friends as to how long she might remain.

War Veteran's Romance Wrecks His Mind

NEWARK, N. J.—The story of a wife who forgave her husband, adopted the child of her husband and a pretty French girl he met in France, and his insanity later over the loss of the baby, was told in court. Mrs. Louise E. MacNichol was given guardianship over her husband, Kenneth H. MacNichol, short story writer and World war veteran. She testified her husband is in the Belle Mead, N. J., government sanitarium.

MacNichol met the girl, Leone Winckel, in August, 1918. Returning the following June, he told all to Mrs. MacNichol. Though her heart was torn, Mrs. MacNichol forgave her husband, and had him send for Leone. In August, 1919, the French girl arrived and was taken into the MacNichol home at Baltimore. A baby was born in December. The arrival of the little one brought great happiness to MacNichol. It was his first child.

Shortly afterward MacNichol and his wife applied to the Baltimore courts, for permission to adopt the little one. Adoption papers were signed by the court last March.

It was stipulated Leone was to retain the baby until it was 7 years old,

or until other arrangements by mutual agreement. After remaining here a short while, Leone became homesick and returned to France. She left the baby with its foster parents. MacNichol was happy. Then Leone wrote from France she could not live without her baby. Reluctantly, MacNichol sent his baby to France.

The parting broke his heart, Mrs. MacNichol said in court. Gradually his mental alertness waned, and recently he was sent to a government sanitarium. MacNichol is a member of a wealthy Connecticut family. He was assigned to the Medical corps. Disabilities resulted in his being transferred to the A. E. E. publication, Stars and Stripes.

Body Found Near Plane

Mexico City, April 20.—A body believed to be that of a lost American aviator has been found near Vega de Los Ladrones, State of Coahuila, within 10 miles of the international boundary. This information was

transmitted yesterday to the War Office by General Amador, chief of military operations in the Northern Zone. The body was found by a ranchman near a wrecked airplane flying the American flag, and was mangled beyond identification by birds and wolves.

Farrell, Pa., Overrun With Rats: City Fathers Seek Pled Piper

Farrell, Pa., April 20.—Pled pipers no longer being handy, the borough fathers are seeking some one with power either mental or physical to remove hundreds of thousands of rats which, following the closing down of the bit mills here, are now overrunning the residential and business sections of the city.

There are rats everywhere in the homes and stores. Hundreds of complaints are received at police headquarters daily of depredations of the rodents. Food is eaten, chickens killed, and in several instances small children have been attacked. In fact, so great has the menace become that mothers are afraid to leave their small babies unguarded in some sections of the city because of the fear that the rats emboldened by hunger will attack the little ones.

The rats, which have overrun the

city, according to the authorities, have come from the big industrial plants located here. When these plants are operating, employing many thousands of men, the rodents live off the scraps left by the work men about the mills. With this means of livelihood gone they have been forced by hunger to invade the residential and business sections of the city, where they can find sustenance.

Unless some relief is soon given residents and business men a grand drive with ferrets and dogs, in which the entire citizenry will take part, will be made.

Convict Marries Girl, 14

Then Flees Jail And Her Columbia, Ky., April 20.—Fourteen year old Nannie Bell West is minus a newly made husband and Jailer A. W. Tarter is short a prisoner as the result of the escape last night of Albert West, who for several weeks had been in jail on a felony charge. Since his incarceration West has courted and won the heart of pretty Nannie Bell.

Last Thursday he confided to the jailer that Nannie had said "Yes" and asked if the jailer would be so kind as to obtain him a marriage license, since, perforce, he could not get out and obtain one himself. The jailer would not do it.

He escorted Albert and Nannie, Albert under guard, to the Baptist Church parsonage, across the street from the jail, where Rev. Leslie Smith married the couple. Then Albert kissed his bride and returned to his cell.

Last night an unknown person tunneled through the wall of the jail, opened West's cell door and he, with another prisoner, escaped.

The jailer last night is trying to find the rescuer. West's courtship of Nannie began when she carried foot and flowers to the prisoners.

STEAMSHIP OWNERS DECIDE ON WAGE CUT

THE TEST THAT TELLS

Is the Test of Time. Many Alexandria People Have Made This Test

Years ago this Alexandria citizen told in a public statement, the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Alexandria reader demand more convincing proof? It's Alexandria testimony—it may be investigated.

Mrs. Milton Moor, 123 Duke St. gave the following statement on April 13, 1916: "Doan's Kidney Pills are one of our household remedies. I have used Doan's several times when I have had backache and general kidney disorder with very good results. I always recommend anything I know is good and I am sure Doan's are a fine remedy."

On March 14, 1919, Mrs. Moor added: "I praise Doan's Kidney Pills just the same as ever, for they have always been just as represented. If I have the least backache a few of Doan's are sure to give me relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moor had Foster-Milburn Co. Mfrs., Buffalo, N. Y.

GIRL BANDIT GETS TAXI

AND \$84 FROM DRIVER

Chicago, April 20.—A "litter" bandit easily yesterday stole \$24, a leather overcoat, a uniform, cap and a taxicab from Alfred Furno, taxicab driver.

The girl and two men hailed Furno and asked to be driven to an address on the South Side. When about half way they signaled that they wanted to stop and the girl got out first. She asked how much the bill was. Furno told her it was \$5.00.

"You're a robber," said the girl, "but you've got the wrong number this time. We're robbers, too."

As she spoke she reached into a fashionable handbag and pulled out a pistol. Without a quiver of hand or voice she poked the muzzle of the gun into Furno's ribs and ordered him from the car. Her men companions stood to one side while the girl ordered Furno to hand one of them his cap and the other his coat. The girl handed a half dollar to Furno for carfare, and with one of the men at the wheel, the trio were on their way.

"She was as pretty as they make 'em," Furno told the police, "but oh man! she knew how to handle that gat."

Alleged Fourth Wife

Causes Bachelor Woe Syracuse, N. Y., April 20.—Because Furton E. Bachelor, of Battle Creek, Michigan, failed to live up to his name he is on his way back to that city to face charges of bigamy. Police say he has four wives.

Bachelor was arrested two days ago with a woman claiming to be his wife on a charge of having abandoned another wife and child in Battle Creek. Deputy Sheriff Turner, of Battle Creek, came here today and took him back.

Bachelor's first marriage was in Michigan and this wife has dropped out of sight. Sheriff Turner said. A short time after he married again. His second wife died. Bachelor went to Cananota, N. Y., married his third there and moved to Kalamazoo, Mich., according to the sheriff. Going to Battle Creek he married a fourth time, after deserting his third wife in Kalamazoo the sheriff charges.

GIRLS TAKEN FROM ESCORTS
Kansas City, Mo., April 20.—Two girls stolen last night from their escorts at the point of revolvers by two other young men have not been found by the Kansas City police.

The young women and their companions went riding last night in a small motorcar. In the outskirts of the city two young men jumped on the running board. The escorts were expelled and the bandits, with the girls, drove away in the car. The girls are Mildred Harding, 18 years old, and Margaret Hobbs, 17.

TO MEET NEXT

IN SAN ANTONIO
Richmond, April 20.—San Antonio, Texas, was selected as the place of the next convention of the Woman's Missionary Council of the Methodist Episcopal Church, South, at the session of that body meeting in the Centenary Methodist Church, South, here last night. At the same time the Virginia Conference of the council, meeting in sub-session voted to hold their annual conference in Centenary church at Hampton April 25 to 28, this year.

Miss Clara Stegal, principal of the Virginia School Hu Chow, China, and Miss Lotie Rankin of Hu Chow, the oldest missionary in the service of the Methodist Church, South, will address the Virginia conference. Miss Rankin is 65 years old and has been a missionary in China 43 years.

After the names of five cities for the world convention at this time next year had been placed in nomination the vote on San Antonio was made unanimous. The places voted on and the ballots were San Antonio, 43; Mobile, Ala., 27; Macon, Ga., 8; Little Rock, Ark., 5 and San Francisco, 0. At the afternoon session reports of five missionaries were read. Those reporting were Miss Clara Stegal, of Hu Chow, China; Miss Elizabeth Claiborne, president of the McTyre school, Shanghai; Miss Lillian Stradley, of Brazil; Miss Ruth Brittain, of Nankin, China, and Miss Kate Hackney, of Zoo Chow, China.

Elementary education in foreign fields was discussed by Miss Nell Drake, of China; Miss Ellie Gray, Korea, and Miss Emma Christian, Maude Mattis, Lela Epps and Helen Johnson, of Brazil, at this morning's session. Bishop Walter R. Lambuth spoke on the Chinese relief.

After much discussion an amendment was made in the council's constitution requiring every auxiliary shall appoint one or more committees to be known as extension committees. These committees shall group the entire church membership so that every member may be reached and asked either to become a full or an efficient member of the missionary society by giving prayer, service or a contribution for missionaries in their work in the home and foreign fields.

BANKRUPTCIES LOOMING

SEVERAL CARRIERS SAY
Chicago, April 20.—The United States Railroad Labor Board divided through another avalanche of figures yesterday, as more than a score of roads continued their plea for revision of wage scales. Reduced cost of living and decreased wages paid similar labor in other industries have made present railroad wages unjustifiable the carriers contended and several roads predicted receiverships and bankruptcy if the situation was not remedied at once.

Colored women, washing windows for railway companies, get \$120 a month in the South, while postal employees get but \$116 to \$125, one witness declared, and others cited statistics from the West and South to show lower wages in other industries than those paid on the railroads. The exhibits generally showed decreases in the cost of food and clothing and nearly parallel recessions in outside wages. Most of the roads asked reductions which compared favorably with the decreases in the cost of living or asked permission to hire labor at the prevailing market price in their own territory.

General exhibits yesterday showed decreases of 36.4 to 43 per cent in the cost of food; 29 to 36 per cent in clothing, and 25 to 33 1-3 per cent in shoes.

Fitzgerald Hall, for the Nashville, Chattanooga and St. Louis, said his road was losing \$3,000 a day and that the proposed reduced scale would still be 100 per cent higher than that of March, 1920. He said his road was doing a normal business, but was steadily losing money and that it was not due to the financial depression.

The rail representatives still have three days in which to complete their case and present final arguments. The board then will recess for a week to allow the employees time to prepare their case.

EX-KAISERIN LAID TO REST
IN OLD POTSDAM TEMPLE
Berlin, April 20.—Augusta Victoria, former empress of Germany, rests in an antique temple at Pots-

dam, royal suburb of Berlin, after a day of mourning pageantry which called the most imposing days of the Hohenzollern reign.

The funeral was marked by the absence of only two of the notable figures who in other days would have been prominent in the ceremonies. Neither the former kaiser nor his eldest son was present.

But, in addition to the four sons who were permitted to be present, and scores of princes and princesses more or less remotely connected with the former reigning house, hundreds of members of the former emperor's household, and scores of military notables, headed by the old army leaders—Hindenburg, Ludendorff, Von Mackensen, Von Kluck, and Von Falkenhayn—formed an imposing cortege. Von Falkenhayn, in full dress, bore the purple cushion to which were pinned the former empress' glittering decorations.

Forty thousand German people

filed past the casket in which the body of the former queen reposed, after brief ceremonies to which only the immediate members of the family were admitted. There were few tears, except from one or two hysterical women. The former crown princess appeared pale and haggard, and members of the Hohenzollern court were deeply affected.

The day passed without any disturbing incident.

The mausoleum is to be closed on the permanent crypt, which is also to contain the body of Wilhelm, is completed.

ARE YOU CONGENIAL

Thin-Blooded Sick-Looking Men and Women Lack Enthusiasm

THEY NEED PEPTO-MANGAN

Red-Blooded, Healthy-Looking Folks Get Along Well Because They Feel Good

There is a thrill in glowing good health. You see it in the enthusiasm and good cheer of congenial people. Fatigue, sad color, dull eyes and listless feelings do not attract other people. You are not congenial when you are run down.

Nearly everybody gets out of sorts occasionally. They are positively unhappy for weeks and constantly tired and gloomy. Perhaps you are that way and can see no reason why. But there is a reason. More than likely it is because of bad blood. Temporarily your blood needs help. Pepto-Mangan is a well-known and very successful remedy for poor blood. It supplies what your blood needs. You pick up and become your old self again; your blood works as it should, keeping you fresh and alert, congenial and happy and strong.

Pepto-Mangan is sold in both liquid and tablet form. Both contain the same medicinal ingredients. One is as effective as the other.

Buy Pepto-Mangan at your druggist's. Be sure the name "Gude's" is on the package. Without the name "Gude's" it is not Pepto-Mangan.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin. Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears. Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

INGROWN TOE NAIL TURNS OUT ITSELF

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night. "Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

REDUCE YOUR SHOE BILLS

Allen's Foot-Ease, the antiseptic powder to be shaken into the shoes, not only stops the pain of corns and bunions, and gives quick relief to sweating, callous, tired, aching, tender feet, blisters and sore spots, but Allen's Foot-Ease rests the feet, keeps them cool and comfortable all the time, saving the constant wear on shoes caused by nervousness of the feet. Shoes and stockings wear twice as long when you walk in comfort. Try Allen's Foot-Ease to-day.

WEAK WOMEN

cannot hope ever to become strong and well again unless they have plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps make. Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on iron filings. Nuxated Iron does not injure the teeth nor upset the stomach. It is an entirely different thing from ordinary metallic iron. It quickly helps make rich, red blood, revivifies worn-out, exhausted nerves and gives you new strength and energy. Over 4,000,000 people annually are using it. At all druggists. Beware of substitutes. The genuine has N. I. stamped on every label. Always insist on having the genuine.

PAIGE

We are intensely proud of the fact that our "Daytona 6-66" model broke the world's stock car record for speed. But speed we consider a mere by-product.

What we wanted to establish was enduring strength and stamina. We knew that any car strong enough to win a world's championship would be strong enough for all amateur demands—in years of service.

And now, we say, test the 6-66 for yourself. Test it in comparison with any other car—at any price—and draw your own impartial conclusions.

Our dealer is ready to give you a demonstration.
